

TEAM CASE – IGGY’S BREAD OF THE WORLD

Answer the following questions from the perspective of you as an external consultant.

Let us assume that Matthew McRae’s took the job in order to lead Iggy’s Bread of the World to new / continued excellence (depending on your perspective of whether or not Iggy’s achieved excellence before McRae was brought on board).

What percentage of the responsibility for the current situation lies with McRae? What percentage of the responsibility for the current situation lies with Igor and Ludmilla? Be specific. Cannot be 50 / 50. Create a graph depicting your percentages.

Matthew McRae

Why did you choose this percentage of responsibility for Matthew McRae? What do you think McRae should have done differently? How do you think the results would have differed given your suggestions? Be specific.

The Ivanovics

Why did you choose this percentage of responsibility for The Ivanovics? What do you think Igor and Ludmilla should have done differently? How do you think the results would have differed given your suggestions? Be specific.
